

## PARTICIPATION IN WORLD FRIENDSHIP PROJECT - 1929

---

*Whereas*, every effort toward World Peace must surely find a ringing response in the heart of every Jewess whose People's cry and prayer have insistently been for SHOLOM (Peace) throughout the centuries, and

*Whereas*, at this the Eighth Assembly of our Federation there has been presented by such a fervent appeal for the participation by our religious schools as well as by our Women's Temple Organizations in the work of the Committee on World Friendship Among Children, as now being conducted under an instituted committee of the Commission on World Justice and Better Understanding,

*Therefore be it Resolved*, that in order to emphasize the recommendation already adopted by this Assembly we hereby urge the immediate active participation of every religious school and Sisterhood in this work.
